

Hormel Institute & SPAM Museum

March 27, 2024 - Austin, MN

Join the Golden Rewards Club on our first excursion of 2024 as we visit two local fixtures of Austin, Minnesota. Our first destination of the day will be the Hormel Institute, where we'll take a guided tour of its state-of-the art research facilities. The Hormel Institute is an independent biomedical research facility partnered with University of Minnesota and Mayo Clinic systems. It was originally founded in 1942 by Jay C. Hormel. Though its origins are rooted in food science research, today the institute conducts work primarily within the fields of medicine and agriculture.

Before our second tour, we'll break for lunch in downtown Austin. You'll have your choice of several wonderful restaurants located right near the SPAM museum including Steve's Pizza, Piggy Blue Barbeque, B & J's Bar & Grill, and more. **Lunch will be on your own for this particular trip.**

Our last stop for the day will be a guided tour of the famous SPAM Museum. As perhaps Hormel's most recognizable brand, the iconic canned meat product has made quite an impact throughout its history. See it all as we tour the museum. There's more history to this well known food than meets the eye. Call 608-626-3131 or speak with any of our employees to reserve your spot for this trip. All tips and gratuities for this upcoming trip are included in the price shown below.

Pick up locations: Arcadia, Blair, Fountain City, Mondovi, Durand

You will be contacted prior to the event with specific instructions for where and when to board your bus.
